## Care Centre Director Full Time Position

The Victoria Chinatown Care Centre (“VCCC”) is an accredited long-term care facility located in Victoria, BC. We are a non-profit organization overseen by a volunteer Board of Directors with a reputation for high quality care and leading practices. VCCC is an affiliate organization to Island Health’s Residential Care Program and receives public funding from Island Health. VCCC operates 31 residential complex care beds in a culturally-sensitive environment, and provides services including an adult day program and a community bathing program.

### JOB DESCRIPTION

- The Care Centre Director is responsible for the day-to-day operations of the resident care Facility within a dynamic organization that delivers 24/7 nursing care for 31 complex care residents, an adult day program and community bathing service.
- Working with all staff, including the Manager of Care Services and Admin Coordinator, to provide leadership to the multi-disciplinary team, coordinates and facilitates daily activities ensuring effective use of resources, and within approved budgets.
- Oversees activities of members of the multi-disciplinary team, as well as other health care professionals and contractors.
- Represents the Care Centre as Facility Manager on the Community Care and Assisted Living Act License.
- Ensures compliance with regulatory statutes, licensing regulations, accreditation standards, and legislation related to long term care.
- Directs and evaluates Care Centre staff. Provides leadership and functions as a role model and coach to assist staff with professional development and achievement of Centre goals (including the conduct of ongoing performance reviews).
- Responsible for recruitment, development, and discipline of all staff.
- Responsible for strategic long term planning view of operations and best practices in resident service delivery
- Manage issues that impact overall quality of resident care provided.
- Develops policies and implements procedures/standards for operations at the Facility level.
- Responsible for monitoring and development of the operating plan.
- Provides leadership within the Facility for quality and risk management activities.
- Ensures that all clinical indicator data is collected appropriately by nursing staff utilizing MDS-RAI on Point Click Care, and ensures this data is sent electronically as appropriate to the Canadian Institute of Health Information (CIHI).
- Ensures that all staff and contractors meet or exceed the level of ethical and professional standards as required by their respective professional organizations, and VCCS policies.
