

Dear All,

I am delighted to inform you that Kate Corbett (R.N. MSN) has been hired as Care Centre Director by the Victoria Chinatown Care Society Board and she is starting her Orientation on Tuesday, June 14, 2022. She will be Orientating with myself and others at VCCC for a couple of weeks.

Kate comes to us with a wealth of Clinical Nursing experience and Management experience. In terms of a career, locally, Kate has progressed through positions and roles like Consultant, Strategist, Manager and Interim Director with Island Health in recent years. In addition to Island Health, Kate has worked extensively throughout parts of the United States for approximately twenty years. For instance, in Port Angeles, she served as the Nursing Administrator (ICU, Labor and Delivery, ER, Medical Surgical Units, Lab & Radiology, Short Stay) for a 125 bed Medical Center. In addition to her work experience she has been an English teacher in Kamaishi City, Japan and has travelled several months within mainland China. Now she is looking forward to reflecting on such culturally sensitive needs of residents which she brings and more importantly is looking forward to gaining from residents and staff at Victoria Chinatown Care Centre. I believe she is coming to learn in the perfect place.

Kate will be orientating for a couple of weeks with myself and getting to know other interdisciplinary partners, yourselves and the residents. Subsequently she will be working shifts with you and learning how VCCC operates throughout the 24 hour cycle.

Please join me in welcoming Kate to the team at VCCC and showing her what you all do best! You are lucky to have her and she you!

Kate's email at will be: [KCorbett@vccsociety.ca](mailto:KCorbett@vccsociety.ca)

Cheers and As Always,

Maxine

Dr. Maxine Alford (Ph.D)

Interim, Care Centre Director,

Victoria Chinatown Care Centre
